

CSE 260M – Design Problem 1

Due November 8, 2006

Work through the “S3 Tutorial” available on the course web page. The tutorial can be found under the “S3 Board Files” heading.

Demonstrate your working design to one of the TAs and email your ledtest.mcs file to Dr. Richard prior to class on Wednesday, November 8, 2006.

The TA schedule is posted on the course web page, but make sure to notice that your last opportunity to demo on Tuesday, November 7, 2006 is 4-6 p.m. with Ben. Marty is scheduled to be in the lab from 10 a.m. – noon on Wednesday, November 8, 2006.
